

### CLP Standard Logical Framework Format

The Final Report from your previous CLP-funded project and a logical framework must be submitted to CLP by **8 September 2021**. If the Logical Framework and Final Report are satisfactory, your team will be informed by **27 September 2021**. The full proposal must then be submitted by **10 October 2021**.

As part of the proposal to CLP a Logical Framework must be included. This should set out:

- 1) the overall goal;
- 2) project purpose;
- 3) results;
- 4) activities;
- 5) indicators of success;
- 6) means of verification; and
- 7) important assumptions.

**The logical framework should include recommendations from the expert review by CLP and be completed before filling out the application form.** For advice on this, contact a CLP staff member or reference Section 1.6 of the [Institutional Fundraising for Conservation Projects manual](#) on our website.

Please provide the information below before filling-in the logical framework

1. Award type you are applying for:
2. If the logical framework has been submitted previously, which year:
3. Explain how comments from expert reviewer on the previously submitted logical framework have been incorporated into the new one:
